DIVISION AND MULTIPLICATION FACTS
SHEET 2 ANSWERS

- | | | | | | |
|-----|--------------------|-------|------------------|-----|------------------|
| 1) | $6 \times 5 = 30$ | means | $30 \div 6 = 5$ | and | $30 \div 5 = 6$ |
| 2) | $7 \times 4 = 28$ | means | $28 \div 7 = 4$ | and | $28 \div 4 = 7$ |
| 3) | $8 \times 5 = 40$ | means | $40 \div 8 = 5$ | and | $40 \div 5 = 8$ |
| 4) | $6 \times 7 = 42$ | means | $42 \div 6 = 7$ | and | $42 \div 7 = 6$ |
| 5) | $4 \times 8 = 32$ | means | $32 \div 4 = 8$ | and | $32 \div 8 = 4$ |
| 6) | $7 \times 8 = 56$ | means | $56 \div 7 = 8$ | and | $56 \div 8 = 7$ |
| 7) | $9 \times 6 = 54$ | means | $54 \div 9 = 6$ | and | $54 \div 6 = 9$ |
| 8) | $5 \times 9 = 45$ | means | $45 \div 5 = 9$ | and | $45 \div 9 = 5$ |
| 9) | $8 \times 3 = 24$ | means | $24 \div 8 = 3$ | and | $24 \div 3 = 8$ |
| 10) | $8 \times 6 = 48$ | means | $48 \div 8 = 6$ | and | $48 \div 6 = 8$ |
| 11) | $9 \times 7 = 63$ | means | $63 \div 9 = 7$ | and | $63 \div 7 = 9$ |
| 12) | $6 \times 5 = 30$ | means | $30 \div 6 = 5$ | and | $30 \div 5 = 6$ |
| 13) | $8 \times 9 = 72$ | means | $72 \div 8 = 9$ | and | $72 \div 9 = 8$ |
| 14) | $10 \times 9 = 90$ | means | $90 \div 10 = 9$ | and | $90 \div 9 = 10$ |
| 15) | $4 \times 12 = 48$ | means | $48 \div 4 = 12$ | and | $48 \div 12 = 4$ |

Lesson 3.9

Subtract Decimals

COMMON CORE STANDARD CC.5.NBT.7
Perform operations with multi-digit whole numbers and with decimals to hundredths.

Estimate. Then find the difference.

- | | | | |
|--|--|--|--|
| 1. Estimate: <u>3</u> | 2. Estimate: _____ | 3. Estimate: _____ | 4. Estimate: _____ |
| $\begin{array}{r} 6.5 \\ -3.9 \\ \hline 5.15 \\ \underline{6.5} \\ -3.9 \\ \hline 2.6 \end{array}$ | $\begin{array}{r} 4.23 \\ -2.51 \\ \hline \end{array}$ | $\begin{array}{r} 8.6 \\ -5.1 \\ \hline \end{array}$ | $\begin{array}{r} 2.71 \\ -1.34 \\ \hline \end{array}$ |

Find the difference. Check your answer.

- | | | | |
|--|--|--|---|
| 5. $\begin{array}{r} 16.3 \\ -4.4 \\ \hline \end{array}$ | 6. $\begin{array}{r} 12.56 \\ -5.18 \\ \hline \end{array}$ | 7. $\begin{array}{r} 3.14 \\ -2.9 \\ \hline \end{array}$ | 8. $\begin{array}{r} 34.9 \\ -4.29 \\ \hline \end{array}$ |
| 9. $2.54 - 1.67$ | 10. $25.8 - 14.7$ | 11. $11.63 - 6.7$ | 12. $5.24 - 2.14$ |

Problem Solving

- | | |
|--|---|
| 13. The width of a tree was 3.15 inches last year. This year, the width is 5.38 inches. How much did the width of the tree increase? | 14. The temperature decreased from 71.5°F to 56.8°F overnight. How much did the temperature drop? |
|--|---|

Name: _____ Date: _____

Kinds of Rocks Quiz

Sedimentary Igneous Metamorphic

Directions: Write the word in the blank to tell what type of rock goes with each clue.

1. _____ This rock is formed from melted rocks.
2. _____ This rock is formed in layers.
3. _____ Fossils are often found in this rock.
4. _____ This rock is changed by heat and pressure.
5. _____ This rock was formed from pressure from the _____ water in a lake or ocean pushing down on it.
6. _____ This rock may be formed from magma that _____ hardens.
7. _____ This rock is often found near water.
8. _____ This rock may be formed from lava.
9. _____ Fossils are often found in this rock.
10. _____ You would most likely find this rock near a _____ volcano.

Bonus Questions
What kind of rock?

1. Granite _____ 2. Marble _____

Name: _____

Word Problems

1. During the summer holidays, your brother earns extra money mowing lawns. He mows 6 lawns an hour and has 21 lawns to mow. How long will it take him? = 3.5 hours.
2. For the Good Cheer food drive, your class collected 320 cans of food. Each family gets 40 cans of food. How many cartons will you need to pack them? 8 cartons.
3. You bought your twin sister Molli 3 gifts costing \$24. each and your other twin sister Mary 5 gifts at \$18. each. How much money did you spend on Molli and Mary? \$162
4. 6 of the classes at your school are going to the pool for a swimming party. That means 125 students need to get on buses and each bus hold 48 students. How many buses will the school need? 3 buses.
5. The mean average of the following 4 math marks will become your report card mark. 97, 78, 84 and 86. What will your report card mark be? 86.25— your mark will be 86
6. Your mom bought you a 1 year swimming pass for \$390. She's making 12 payments of how much money to pay for the pass? \$32.50

Main Idea Quiz

All animals begin their life as babies. Most are helpless without the help of their parents. However, some are born with the instinct to survive and their parents are never around them once they are born.

- A. Many baby animals have instincts.
- B. All animals have babies, but they are different.
- C. Babies need their parents.

Thanksgiving is a time to be thankful for the things you have. It's a well known fact that not all people are as fortunate as others. You can be thankful that you have a home, food to eat, and people that care about you. Some people are not as lucky.

- A. Everyone should be thankful everyday.
- B. You have lots to be thankful for.
- C. Thanksgiving is time to be thankful for what you have.

Name: _____
Choose the main idea for each passage.

When going to the grocery store, you can waste a lot of time. If you don't want to spend a ton of time you can make a list of what food you need before you go and stick to your list. Think about what you will be needing for breakfast, lunch and dinner to make sure you include everything.

- A. We eat food for breakfast, lunch and dinner.
- B. To not waste time at the store, make a list.
- C. You can waste time at the grocery store.

Colin just moved to Tampa about a month ago from St. Louis. He is enjoying the heat so far and has gone to the beach every weekend. While his job keeps him busy during the week, he is having fun exploring Florida on his weekends off. While he missed St. Louis, Colin is very happy in his new home.

- A. Colin moved to Florida and is enjoying it.
- B. Colin used to live in St. Louis.
- C. Colin likes going to the beach on the weekend.

Sunday testing is available on a limited basis for students who cannot attend Saturday sessions due to religious observances. Language Skills Question - This provides a measure of the applicant's learning potential, similar to the IQ score. What are the differences between the three SSAT test levels? A detailed breakdown of a student's performance is also given, showing the number of right, wrong, and omitted answers in each area. Skills displayed on the HSPT can be a critical factor in a student's application for admission into a private or parochial school. Summary: Use our free HSPT practice tests to test your knowledge. The High School Placement Test consists of five sections: (click on image to enlarge) Verbal Skills Section The Verbal Skills section of the HSPT is one of the "cognitive" sections of the test. All levels of the SSAT are skills-based tests, as opposed to achievement or knowledge-based tests, and are used as guides by admissions professionals to assess the potential academic success of prospective students. Whether you need top SUBJECT tutors in EASTERN CITY, SUBJECT tutors in MIDWESTERN CITY, or top SUBJECT tutors in WESTERN CITY, working with a pro may take your studies to the next level. Whether you need top SSAT tutors in Boston, SSAT tutors in Detroit, or top SSAT tutors in Dallas Fort Worth, working with a pro may take your studies to the next level. Late registration is available for an additional fee. The writing sample of the SSAT is not scored, though a copy of it is sent on to schools. Registration fees may vary by school. For more information on the HSPT, check out the official testing website. This is usually given as a range between 55-145, with 100 being the average CSQ. Should I guess on the SSAT if I don't know an answer? A list of educational consultants and member schools can also be found on the SSAT website. Some schools may require candidates to require for the earlier test, whereas others may have no such requirement. Applicants should contact their school authorities as soon as possible regarding test registration requirements. Use our free HSPT practice tests (updated in 2022) to prepare for your upcoming exam. The Elementary Level test takes 1 hour and 50 minutes to complete, which includes one 15 minute break between sections. When and where can I take the SSAT? GE scores are provided for Reading, Language Skills, and Mathematics. Grade Equivalents - This score refers to the grade and month the student has tested into. HSPT Registration Dates The High School Placement Test is administered twice per year. Each school will determine what an acceptable score is for its candidates. A student may be eligible for a test fee waiver if he/she cannot pay the test fee due to financial hardship. Can I use a calculator for the SSAT Quantitative section? As with all standardized tests, familiarity with the test format and question types tends to help test takers improve their scores. HSPT Scores High School Placement Test scores are released at the discretion of the school that is being applied to. Mathematics has 64 questions. The registration fee for the Elementary Level SSAT is \$80. It tests a candidate's ability to use and apply the linguistic skills they have acquired to this point. Students are given 16 minutes to complete 60 multiple choice questions in the following categories: Synonyms Antonyms Analogies Sentence Logic Verbal Classification Quantitative Skills Section The Quantitative Skills section of the HSPT is the second "cognitive" section of the HSPT. Test takers are only asked to perform basic calculations, as the test is designed to test skills, not proficiency. What is the scoring scale for the SSAT? Registration for a test closes three weeks before the test date. How can I prepare for the SSAT? Explanations are given for each question, so if you miss a question, you can find out where you went wrong. In addition to the SSAT practice tests and SSAT tutoring, you may also want to consider taking some of our SSAT flashcards. Are the writing sample and experimental section of the SSAT scored? Applicants should check with their school if they have questions about HSPT testing fees. HSPT Requirements The High School Placement Test is available for any eighth grade student wishing to enroll in a private or parochial school in ninth grade. Last Updated: 1/20/2022 Refunds are not given if a student cannot test on his or her registered date, though he or she may reschedule to a later date for a \$35 change fee. It tests a candidate's ability to recall and display the reading comprehension skills they have acquired to this point. Students are given 25 minutes to complete 62 multiple choice questions in the following categories: Main Idea Details Vocabulary Mathematics Section The Mathematics section of the HSPT is a "basic" section of the HSPT. Seats in high-schools are often limited, so taking the test as early as possible is recommended. There are three levels of the SSAT: Elementary (for students in grades 3 and 4), Middle (for students in grades 5 through 7), and Upper (for students in grades 8 through 11). If the test is taken again, the lowest score will be the one which is counted. Reading comprehension has 62 questions. HSPT Test Fees Students do not pay a separate fee for the High School Placement Test, as any costs associated with the test are included in the application fee for the school being applied for. Students can take Standard tests as many times as desired. The use of a calculator or other electronic devices (including cell phones) is not allowed during the SSAT. Our free SSAT Practice Tests are written by teachers, professors, content specialists, and tutors. Free HSPT Practice Tests Try one of our free HSPT practice tests below and see how you do. It tests a candidate's ability to recall and display the language skills they have acquired to this point. Students are given 25 minutes to complete 60 multiple choice questions in the following categories: Capitalization Punctuation Spelling Usage Composition HSPT Administration The High School Placement Test is administered at the parochial or private school to which the candidate has applied. This is typically done on a specific Saturday in January, as well as one secondary date, determined on a yearly basis. Applicants should contact the school they wish to attend in order to find out when and where the test will be offered. There is no incorrect answer penalty on the Elementary Level SSAT, so Elementary Level test takers are encouraged to answer every question. This score is dependent on the age of the candidate when he or she took the HSPT. HSPT Percentile Rank The HSPT score report will also show the percentile rank as calculated from the raw score. As with all standardized tests, familiarity with the test format and question types tends to help test takers improve their scores. The test is designed to measure both basic and cognitive skills. The HSPT is used by private high schools to evaluate potential candidates for admission to the school. Students may only take one Flex test per testing year (August 1 - July 31). Our tests are automatically scored and include answer explanations to help you better understand the content. HSPT Verbal Skills Practice Test 1HSPT Verbal Skills Practice Test 2 HSPT Quantitative Skills Practice Test 1HSPT Quantitative Skills Practice Test 2 HSPT Reading Comprehension Practice Test 1HSPT Reading Comprehension Practice Test 2 HSPT Math HSPT Math Practice Test 1HSPT Math Practice Test 2 HSPT Language Skills HSPT Language Skills Practice Test 1HSPT Language Skills Practice Test 2 HSPT Study Guides and Flashcards HSPT Content Description The High School Placement Test consists of five sections of questions, evaluating the candidate's abilities in several different areas. The HSPT contains a total of 298 questions. If the applicant does take it more than once, then the lower of the two scores will be counted. All levels of the SSAT contain one quantitative section, one verbal section, one reading comprehension section, and one unscored writing sample. HSPT practice tests as well as other resources have been made available for those applicants who may be interested. Be sure to take HSPT practice tests for every section in order to be prepared for all sections. Fee waivers must be obtained directly from the admissions office of the school to which the student is applying. Registration for the Middle or Upper Level SSAT is \$120. The key is to be able to demonstrate application of the skills and knowledge the student has acquired thus far. Student responses to these questions help test makers determine whether potential questions are suitable for future SSAT sections. Each of the results pages for the complete tests include thorough explanations of the correct answers and important information on critical concepts. The SSAT Standard test is administered eight Saturdays a year at various test centers worldwide. The test measures students' skills and abilities in five categories: language, reading, verbal skills, mathematics, and quantitative skills. For example, a score of 8.3 would indicate in 8th grader in their third month. There is no penalty for not answering a question; therefore, it is generally advisable to guess only if the student can eliminate one or more of the incorrect answer choices before guessing. Students may only take the HSPT once. Additionally, you can utilize these tests to work on your timing, and get some valuable insight into what the actual exam is like. Test takers will receive an individual score for each area of the SSAT (referred to as Verbal, Math, and Reading on the score report), as well as a total score, which is the sum of the three individual scores. TestPrep-Online now offers an exclusive STAR Math Practice Pack with all the necessary materials to ensure your child's success on the test. Featuring: accurate full-length STAR test simulations, multiple sample questions and answer explanations, solving tips, and a comprehensive STAR Math study guide. Quantitative skills has 52 questions. Percentile rank indicates where the applicant stands in relation to other applicants of similar demographics, in order to allow schools to compare candidates easily. There is no passing score on the HSPT. "Cognitive" questions can be found in the Verbal and Quantitative section, and will ask questions in which the answers are not obvious. The test is designed to measure "basic" as well as "cognitive" skills developed by the applicant. "Basic" questions can be found in the Reading, Mathematics, and Language sections, utilizing more simple and direct questions. The Elementary Level SSAT is administered to students in grades 3 and 4, applying for admission to grades 4 and 5. The Middle Level SSAT is administered to students in grades 5 through 7, applying for admission to grades 6 through 8. After you've spent adequate time going over the concepts using the other free Learning Tools, you can evaluate your efforts by taking another of the Full-Length SSAT Practice Tests. Verbal skills has 60 questions. The area scores for each level of the SSAT vary, with Elementary Level using a 300 to 600 scale, Middle Level using a 440 to 710 scale, and Upper Level using a 500 to 800 scale. To help you study and practice each type of question found on the SSAT, Varsity Tutors offers free SSAT Practice Tests. The Middle and Upper Level tests take 3 hours and 5 minutes to complete, and includes one 5 minute break and one 10 minute break. It tests a candidate's ability to recall and display the mathematics skills they have acquired to this point. Students are given 45 minutes to complete 64 multiple choice questions in the following categories: Basic math including fractions, decimals, percentage, estimation, and word problems Basic Algebra including solving 1-variable equations Basic Geometry including Pythagorean geometry, lines, angles, area, perimeter, and volume Language Skills Section The Language Skills section of the HSPT is a "basic" section of the HSPT. The tests make it simple for you to determine where you should focus your review, as the results can aid you in creating an individualized study plan. Requests for Sunday testing must be made at least three days prior to the test date. Utilizing these and other resources can be vital for those seeking admission to many private or parochial schools. Many parochial and other private high schools use the High School Placement Test (HSPT) in order to evaluate potential candidates for admission. The SSAT is administered to students in grades 3 through 11, and is designed to measure a student's quantitative, verbal, and reading skills. The 5 sections are verbal skills, quantitative skills, reading comprehension, mathematics, and language. This scaled score will fall between 200-800. A score of 600 is widely considered to be "above average", falling around the 80th percentile Unlike many other tests, the HSPT may only be taken once by an applicant. It tests a candidate's ability to use and apply the quantitative skills they have acquired to this point, through the use of word problems. Students are given 30 minutes to complete 52 multiple choice questions in the following categories: Number Series Geometric Comparisons Non-Geometric Comparisons Number Manipulation Reading Comprehension Section The Reading Comprehension section of the HSPT is a "basic" section of the HSPT. Are you looking for the best way to help your child prepare for the 2022 Renaissance STAR Math exam? There are 5 sections on the High School Placement Test. To register for your HSPT and begin on your HSPT practice tests, please contact the school to which you are applying. The experimental section contains a mixture of quantitative, verbal, and reading comprehension questions and is not scored. The Upper Level SSAT is administered to students in grades 8 through 11, applying for admission to grades 9 through 12. Early registration will also help to ensure seating at your testing school, and provide more time to prepare with your HSPT practice tests. Applicants should check with their school if they have questions on when they will receive their score report. HSPT Scoring The following guidelines are used when scoring the High School Placement Test: Students are given 1 point for each correct answer Students are given zero points for unanswered questions There is no penalty for answering incorrectly (or guessing) There is no "passing" score on the HSPT; scores are forwarded to the school for which the student is applying, and their administrators will use their own criteria to evaluate the results. Your Scaled Scores The applicant's raw score on the HSPT is calculated and converted into a scaled score. Other Information Appearing on the HSPT Score Report Besides scaled scores and percentile rankings, the following information is broken down even further, and will also appear on the HSPT Score Report: Total Cognitive Skills - Verbal and Quantitative Skills sections are totaled up and a national percentile is provided Total Basic Skills - Reading, Math, and Language Skills sections are totaled up and a national percentile is provided Battery Composite - Verbal, Quantitative, Reading, Math, and Language Skills sections are totaled up and a national percentile is provided Optional Test - percentiles are provided for any optional tests given by the testing school, including Science, Mechanical Aptitude, or Religion. The Middle and Upper Level tests include an additional, second quantitative section, as well as an unscored experimental questions section, which aids test makers in developing future tests. Varsity Tutors offers resources like a free SSAT diagnostic tests to help with your self-paced study, or you may want to consider an SSAT tutor. The full-length Practice Tests provide bonus help by guiding you as you customize your SSAT study plan, as they show you which concepts you have already mastered, and which concepts you'll want to continue reviewing. How long is the SSAT? The resources available from Varsity Tutors' Learning Tools also include free Full-Length SSAT Practice Tests for each section. How much does it cost to take the SSAT? For a list of Standard test dates and test centers, visit the official SSAT website at . Answering correctly on the Middle and Upper Level SSAT gives a student 1 raw point, while answering incorrectly deducts ¼ raw point as a penalty. It is the shortest of the three levels of SSAT and consists of three tests sections, followed by one unscored writing sample. HSPT FAQs HSPT stands for High School Placement Test. Some educational consultants or member schools may host Flex tests on dates other than the Standard test dates. Both the Middle and Upper Level SSAT consist of an unscored writing sample, followed by four scored test sections and an unscored experimental question section. The SSAT, or Secondary School Admissions Test, is a multiple-choice, standardized test used by many independent schools as part of their admissions process. This pack has everything that you need! What's Included Brand New 2022 PrepPack! 162 total questions, comprised of: Three full-length STAR Math test simulations Four topic-specific practice quizzes Elaborated solutions & thorough explanations for all questions A comprehensive STAR Math Study Guide An interactive "Number Masters" game for improving calculation skills Detailed score reports for tracking progress Secured payment and a 12-month license What's Included Brand New 2022 PrepPack! 324 total questions, comprised of: Three full-length STAR Reading test simulations Three full-length STAR Math test simulations Five topic-specific STAR Reading practice quizzes Four topic-specific STAR Math practice quizzes Elaborated solutions & thorough explanations for all questions A comprehensive STAR Math Study Guide An interactive "Number Masters" game for improving calculation skills Detailed score reports for tracking progress Secured payment and a 12-month license What's Included Access this pack and over 100 additional customized practice packs, complete with thorough explanations and score reports Over 5,500 practice questions including: gifted & talented, admissions, assessment, and placement tests Track individual progress for up to three (3) accounts with on-demand account updates 12-month license Exclusive to TestPrep-Online What is the SSAT? From the scaled score, a percentile score is calculated, which gives a student's score as a percentage above others who took the same test. Requests for other special accommodations must be made at least two weeks prior to the test date. What are the different sections of the SSAT? Schools will typically provide admission tickets, registration forms, and an official handbook for instructions.

The most effective means of studying for a Placement Test is working on a college placement practice test until you are comfortable with the question formats and content. Carefully reading a CPT study guide such as the one provided by TestPrep-Online, also ... 5/5/2022 · Use our free ISEE practice tests to ace your ISEE exam. ... The ISEE does not penalize for incorrect answers, so the raw score is solely determined by the number of correct answers given by the applicant.
