Using file, you can circumvent those limits without paying to upgrade your team chat service. It is also allowed to link to the download page from websites and communities. Files can be downloaded from any computer from our high speed servers. We have no file size limit. You can give this download link to your friends by mail or instant messenger. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between yourcomputer or phone and our servers, then from our servers to your friends device. So try our free and simple filehosting service now. Just upload the file youwant to share with your friends and we send you a download link to your file. You can upload any type of file (movies, music, documents, images, zip files andmore). Unfortunately, we can't make that part free. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you moneyin data storage fees. The cost of that data transfer is covered by your internet service or the data plan on your phone. This is easy, fast and reliable filehosting!You don't need any kind of premium-accounts. filehosting provides an easy possibility for you to send large files to your friends. Simply upload your file andshare the link. No account or credit card is required to get started. File is free to use with no gotchas and no hidden fees. You decide who you want to share yourfiles with. Keep your files private, or send your download links only to friends or family. You don't need any special software installed to be able to downloadyour files. There are no restrictions on the number of times a file can be downloaded. Any file in any format can be uploaded and downloaded for fre
