Maybe even better than free.

Alternatively you can choose to share your download links on blogs, forums and social networking sites. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Just upload the file you want to share with your friends and we send you a download link to your file. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. It is also allowed to link to the downloadpage from websites and communities. If only we could, we surely would! On the other hand, using file can actually save you money. You don't need any special software installed to be able to download your files. The cost of that data transfer is covered by your internet service or the data plan on your phone. No account or credit card is required to get started. Simply upload your file and share the link. Keep your files private, or send your download links only to friends orfamily. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. Using file, you can circumvent those limits without paying to upgrade your team chatservice. You decide who you want to share your files with. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, manyteam chat apps have limits to the size of files that can be transferred within their apps. There are no restrictions on the number of times a file can bedownloaded. You can give this download link to your friends by mail or instant messenger. File is free to use with no gotchas and no hidden fees. filehostingprovides an easy possibility for you to send large files to your friends. Unfortunately, we can't make that part free. You can upload any type of file (movies,music, documents, images, zip files and more). Our service is completely free for everyone. Files can be downloaded from any computer from our high speedservers. Any file in any format can be uploaded and downloaded for free. We have no file size limit. So try our free and simple filehosting service now. This iseasy, fast and reliable filehosting! You don't need any kind of premium-accounts.
