Maybe even better than free.

If only we could, we surely would! On the other hand, using file can actually save you money. Keep your files private, or send your download links only to friends or family. You can upload any type of file (movies, music, documents, images, zip files and more). Unfortunately, we can't make that part free. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You don't need any special software installed to beable to download your files. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred betweenyour computer or phone and our servers, then from our servers to your friends device. There are no restrictions on the number of times a file can bedownloaded. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. So try our free and simple filehosting service now. Whypay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferredwithin their apps. Using file, you can circumvent those limits without paying to upgrade your team chat service. Just upload the file you want to share with yourfriends and we send you a download link to your file. Our service is completely free for everyone. Simply upload your file and share the link. We have no filesize limit. The cost of that data transfer is covered by your internet service or the data plan on your phone. When you use file, you avoid storing the file you'resending in your cloud storage or mail server. It is also allowed to link to the download page from websites and communities. You decide who you want to shareyour files with. You can give this download link to your friends by mail or instant messenger. File is free to use with no gotchas and no hidden fees. filehostingprovides an easy possibility for you to send large files to your friends. Files can be downloaded from any computer from our high speed servers. No account orcredit card is required to get started. Any file in any format can be uploaded and downloaded for free. Files transferred the old-fashioned way tend to pile upand be forgotten about, eventually costing you money in data storage fees.
